

1. Go to: <https://psychcentral.com/quizzes/personality/start.php> (Links to an external site.)Links to an external site.
2. <https://www.16personalities.com/free-personality-test> (Links to an external site.)Links to an external site.
3. Answer the questions based on what you feel best describes you. Remember to be honest don't choose something just because your friend does. This is about you.
4. The results page will provide you with a 4 letters that describe your personality. Make a slide stating which personality type you received for your result and include a brief description of your personality type.
5. Go to <https://www.truity.com/personality-type/ISTJ/careers> (Links to an external site.)Links to an external site. and reference the Suggested Careers sheet [Suggested Careers for Myers.docx](#). Pick 3 careers that are suggested for your personality type that you would like to look into.
6. For each of the careers you chose you will create a slide in a power point or google slide giving the following information **(4 total slides total including the personality type slide at the beginning)**:
  1. **Description** of what this profession does (at least 2 sentences in your own words. Do not copy and paste this information!)
  2. **Salary** range for USA
  3. **Personal Opinion:** 1 thing you think you would like about this career & one thing you would not like about working in this career.
  4. **A picture**

**Use the following websites to research your careers**
