

## **The Coalition Application**

Members of the Coalition include a diverse group of public universities that have affordable tuition along with need-based financial aid for in-state residents and private colleges and universities that provide sufficient financial aid to meet the full, demonstrated financial need of every domestic student they admit. Coalition schools graduate at least 70% of their students within six years, with many having much higher graduation rates. The Coalition has signed up 141 institutions\* so far, and more partners continue to join.

(\*Some Coalition member institutions may also accept Apply Texas, The Common Application, and/or school-specific admissions applications.)
