## SUMMER SCHOOL 2019

Summer School will consist of an innovative technology based curriculum.

The high school program is designed to provide high school students with the opportunity to re-gain credit in courses they have previously failed or to complete other courses to accelerate their high school program.

Courses available for credit recovery are listed under the High School Extended Year Program.

Courses available for acceleration are listed under the High School Advancement Program

## EOC REMEDIATION

There will also be EOC remediation sessions for those students who did not meet passing standards for any of the 5 administered EOC assessments. Please contact your house office for more information.
