

## Foundation For Allen Schools Grant Application

**Scholarship Fund Amount: \$0**

Application #: AP224584

Applicant First Name: Cristen

Applicant Last Name: Allen

Applicant Email Address: cristen.allen@allenisd.org

Gender:

Cell Phone #:

High School:

Post Secondary School:

Application Status: Submitted

### Application Questions and Answer

Question	Answer
Preferred name/name that you go by:	Cristen
Best phone number to reach you at:	+14699193510
Campus	Rountree Elementary School
Grade(s)	Pre-K;Kindergarten;1;2;3;4;5;6
I have co-applicants:	No
Please provide your work-related Facebook contact information.	
Please provide your work-related Twitter contact information.	CAllenIC_AISD
Name of Grant	Adaptations Extravaganza
Please select the MAIN curriculum area your grant addresses.	Science / STEAM

Does your grant have a technology component?	No
Will other campuses be involved/impacted?	No
Will other grades be involved/impacted?	Yes
How many students will be involved in this grant?	175
Are there any additional funds available for this grant?	No
What is the problem, need or opportunity that this grant will address? Describe the impact of this project on your students.	Project Purpose We would like to bring the Heard to our students! The museum offers hands-on programs designed to allow students to experience learning in an interactive way using museum resources.
How will the project or program be implemented? Describe activities and tasks. Who is the target population and in what ways will they benefit?	Project Description Explore animal and plant changes that is influenced by climate, food access and survival needs. The Heard Museum will send a representative or a group of representatives to present activities that will actively involve our students in the adaptation changes of animals and plants, furthermore bringing their nonfiction reading to life. Our students will be able to explore those adaptations and the changes that their environments may influence. This experience would build background knowledge, vocabulary, give students an opportunity to connect what they are learning in the classroom.
Provide a brief summary for use on the Foundation's website and social media.	The Heard Museum will send a representative or a group of representatives to present activities that will actively involve our students in the adaptation changes of animals and plants, furthermore bringing their nonfiction reading to life. Our students will be able to explore those adaptations and the changes that their environments may influence.
Which Allen ISD goals/TEKS does this project support? Please provide 2 or 3 examples.	(3.10 A) Organisms and environments. The student knows that organisms undergo similar life processes and have structures that help them survive within their environments. (4.10 A) Organisms and environments. The student knows that organisms undergo similar life processes and have structures and behaviors

	that help them survive within their environment. (5.10 A,B) Organisms and environments. The student knows that organisms have structures and behaviors that help them survive within their environments.
What specific measurements will be used to evaluate the effectiveness of the project?	Measurement Students would be able to better grasp the big idea that all living organisms have specific characteristics which help them survive in their environment. We anticipate seeing a better understanding because of the connections that the students will be making throughout this hands-on approach.
What teaching methods will be used to implement this project?	The Heard Museum representatives are trained with the standardized testing vocabulary and with strategies to help keep the attention and support the needs of each and every learner.
What is the project timeline and the date of implementation?	This will be implemented during their Adaptations unit during the 2020-2021 school year.
Explain how this idea or project enhances/supports Allen ISD curriculum or existing systems.	I feel that this project melds well with the Science and nonfiction ELA curriculum and offers teachers another way to help grow their students as scientists and readers.
Total Grant Budget Requested:	275
