

Health Science Dual Credit

Medical Scribe

Collin College Technical Campus

LEVEL 1	LEVEL 2	LEVEL 3	LEVEL 4
Medical Terminology (1)	Principles of Health Science (1)	Anatomy and Physiology (1) or Pathophysiology (1)	Dual Credit Medical Scribe

The **Medical Scribe** program of study focuses on exposing students to the management and use of patient information in the healthcare field. Students may learn about and research recent modifications of computerized healthcare and the process of creating and maintaining hospital and patient records in accordance with regulatory requirements of the healthcare system. Students may also practice writing and interpreting medical reports.

Billing and Posting Clerks	\$35,485	5,775	25%

The Health Science Career Cluster focuses on planning, managing, and providing therapeutic services, diagnostics services, health informatics, support services, and biotechnology research and development. To pursue a career in the health science industry, students should learn to reason, think critically, make decisions, solve problems, communicate effectively, and work well with others.

Successful completion of the Health Informatics program of study will fulfill requirements of a Public Service endorsement or STEM endorsement if the math and science requirements are met. Revised - July 2020
