Although we won’t be able to offer our traditional Community Education Summer Camps this summer, that doesn’t mean we won’t have camp! Our camp teachers and afterschool partners have been hard at work creating many virtual options for your children.

The camps created by our camp teachers are described below. Registration for these camps will be at the Community Education Summer Camp homepage at the district website. We moved to a new more convenient registration software and we have provided you with directions for account creation and registration.

The items on your supply list may need to be purchased or gathered from around your house. Internet connection and a computer/ tablet is needed for all camps, as they will meet via zoom. Camp specific requirements will also be listed with each camp. e.g. if parent supervision is needed at any time during the camp. (oven use, etc.)
