

## 2014-2015 Educational Grant Application

<b>Submission Date</b>	2014-03-27 09:18:58
<b>Name of Grant</b>	Riding in Style
<b>Primary Contact</b>	Jason Anderson
<b>Applicant E-mail</b>	jason_anderson@allenisd.org
<b>Phone Number</b>	(972) 396-6975
<b>Campus</b>	Lowery Freshman Center
<b>Curriculum Area</b>	Physical Education
<b>Grade Level(s)</b>	7-12
<b>Students Impacted</b>	85
<b>Approver Name</b>	Jill Stafford
<b>Approver E-mail</b>	jill_stafford@allenisd.org
<b>Project Purpose</b>	<p>The Outdoor Adventures program has the National Archery in Schools Program as a major part of its curriculum. Within the NASP setting we instruct each and every student in the skills and safety for the sport of Archery. Our students work very hard and deserve to have the opportunity to attend few tournaments. This year the Archery Team competed at the State NASP Tournament in Belton, Texas and placed 1st in the State. This finish has qualified the team to go to Nationals in Louisville, Kentucky in May. Practice is four days a week and involves approximately 1000 to 1500 arrows going into the targets each of those days. The need is for transportation to get kids to some tournaments to assess their progress from so many hours of practice. This program services from 7-12th grade.</p>
<b>Project Description</b>	<p>The target population that this program serves ranges from 7th -12th grade in Allen Schools. All students enrolled in Outdoor Adventures 9-12 and all students on the Archery Team. The numbers are between 80-150 students per school year. The transportation will allow for all of our athletes including our lower economic students the chance to travel to show their skills that they have worked so hard to accomplish in practice.</p>
<b>Allen ISD Goals/TEKS</b>	<p>The AISD TEKS/Goals that this project supports are the TEKS for the National Archery in School Program within the curriculum of the Outdoor Adventures program along with the goals of the Archery Program providing the opportunity for any student to become involved in a program representing Allen ISD.</p>
<b>Measurements</b>	<p>The effectiveness of the project has been proven through the success that has been experienced by all involved</p>

	<p>within the Outdoor Adventures program and the Allen ISD Archery Team. Third Place finish at State in the 2012 State Tournament, Second Place finish in the 2013 State Tournament and 1st place in the 2014 state tournament.. In the 2012 Tournament an individual student tied for 1st Place overall and in the 2013 and 2014 Tournament we had a outright Individual State Champion. These results and the continued growth in the Outdoor Adventures program since its beginning in Allen ISD speak volumes for this need.</p>
<b>Teaching Methods</b>	<p>Both Coaches are NASP certified instructors with a wealth of knowledge and experience and use these attributes to build and grow confidence within the students in the ability to participate and experience success as Archer. With between 400-600 student/Archers per school year we are teaching a great number of students a lifetime sport they can enjoy for decades. The opportunities for scholarship funds for college are provided at both the State and National levels.</p>
<b>Timeline for Project</b>	<p>We would love to have the funding by the tournament season next school year. January 2015</p>
<b>Curriculum/System Support</b>	<p>This project has provided and will continue to provide a very unique opportunity for all students not just the top end. Anyone can be a part of the Outdoor Adventures and Archery program that wishes and can experience a great deal of success through their involvement. The ideal of providing every student an equal opportunity to experience all aspects of education is a goal within the Outdoor Adventures and NASP program.</p>
<b>Additional Comments</b>	<p>Thank you so much for your support!</p>
