Project Purpose

What is the problem, need, or opportunity that this grant will address? Explain **what students will know and be able to do** as a result of this project and/or how a problem will be addresses and/or how a situation improved because of the grant. (500 words or less.)

Art has told the story of cultures for centuries. These lessons inform, enlighten and guide the student through historic events that include geography, math, language arts, literature, humanities, sports, religion, and so much more.

Through this Art in History project the students will research, analyze and organize information, and finally create a Terra Cotta WArrior of Ancient China. The students will specifically be looking at the rich history behind these artifacts. Each student will create a replica of a Terra Cotta Warrior that they get to decorate to reflect the time period and culture from the ancient China era.

There will be in depth investigation, much discussion and research before the students create their piece of art. This project is a perfect example of how we can get our students to work at the highest depth of knowledge level.

Project Description

How will the project or program be implemented? Describe activities and tasks.

Who is the target population and in what ways will they benefit? (500 words or less.)

Each student will receive a kit that includes a historically accurate replica of a piece of art from the ancient China era. The kits include everything the student will need including the artifact, paint, brushes, sponges and disposable paint palettes.

The 1st and 2nd grade AIM students will use the Art in History pieces as well as their research findings to gain an understanding of the culture and time period they are studying. In this case it will reflect the canopic jars to store the vital information and mystery surrounding the 5000 Warriors unearth and almost in perfect condition! The students will display their art in school and have the opportunity to not only showcase their pieces but they will be able to explain what was significant about their piece of art and why did they decorated it the way they did. We will be looking at many examples of Terra Cotta Warriors that are currently in museums. We will investigate their history and understand why the ancient Chinese and why these warriors were made and buried.

Allen ISD Goals/ TEKS

Which Allen ISD goals/TEKS does this project support? Provide only two or three examples.

113.12 (3) History. The student understands the concepts of time and chronology. The student is expected to:
 (A) distinguish among past, present, and future;
 (15) Culture. The student understands the importance of family and community beliefs, customs, language, and traditions. The student is expected to:
 (A) describe and explain the importance of various beliefs, customs, language, and traditions of families and communities;
 117.8 (2.3) Historical/cultural heritage. The student demonstrates an understanding of art history and culture as records of human achievement.

Measurement

What specific measurements will be used to evaluate the effectiveness of the project? (500 words or less)

This will be measured through student participation, work effort, enthusiasm, how well they can communicate what they have learned, the feedback from other students, teachers and administrators, and parents as well.

Teaching Methods

What teaching methods will be used to implement this project? (500 words or less.)

Critical thinking and problem solving will be taught along with art appreciation, in depth research, and analyzing skills. There will be modeling in order to ensure that proper techniques are being used.

Timeline

What is the project timeline and the date of implementation?

Students will research ancient China throughout the 2015-2016 school year.

Curriculum/System Support

Explain how this idea or project enhances/supports Allen ISD curriculum or existing systems.

Brain based learning keeps students actively engaged. This will be a tactile, hands on, brain based learning experience for every student. This will be the epitome of WOW!

I have purchased these kits and used them in the classroom for the past 6 years. Each kit comes with an in depth teaching guide with lots of information that can be used to supplement the curriculum that we are teaching.

The Terra Cotta Warrior is a compelling piece of art to Discover and analyze. As soon as the students see them and hear what they were used for they are ready to participate in this project!
