## Project Purpose

What is the problem, need, or opportunity that this grant will address? Explain **what students will know and be able to do** as a result of this project and/or how a problem will be addresses and/or how a situation improved because of the grant. (500 words or less.)

The pitched percussion instruments at Reed, especially the xylophones, are in need of stable stands. Right now, most of them sit on the floor, which does not allow for the most optimum sound. In addition, because they are on the floor and more accessible to students, some of them have been worn a bit by wear and tear.

### Project Description

How will the project or program be implemented? Describe activities and tasks.  
Who is the target population and in what ways will they benefit? (500 words or less.)

With Allen Foundation grant money, I would purchase stable, rolling table carts from West music. The bars would sit on top of the table, and the music room would be changed in order to safely accommodate the carts. I would then teach the students about proper placement and storage of the carts after lessons.

### Project Summary

Provide a brief summary for use on the Foundation's website and social media. (2-3 brief sentences)

"Reed Owls STAND by their stands!!"

Reed students are able to successfully play barred instruments now, with the generous help from Allen Foundation. We now can store our instruments on sturdy rolling table carts. Thanks, Allen Foundation!

### Allen ISD Goals/ TEKS

Which Allen ISD goals/TEKS does this project support? Provide only two or three examples.

Many of the TEKS mention use of pitched instruments; specifically, 3.D stipulates the use of barred instruments in creating or improvising melodies/patterns.

### Measurement

What specific measurements will be used to evaluate the effectiveness of the project? (500 words or less)

It is predicted that the instruments will be in much better shape by the end of the 2017-2018 school year, if they had a permanent cart to sit on.

### Teaching Methods

What teaching methods will be used to implement this project? (500 words or less.)

I will directly teach the students how to put the rolling carts back in their specific location in the music room.

### Timeline

What is the project timeline and the date of implementation?

If funds are received, I plan to purchase the carts as soon as I am able.

### Curriculum/System Support

Explain how this idea or project enhances/supports Allen ISD curriculum or existing systems.

The rolling carts will directly improve the safety of the instruments, which in turn will add longevity to the instrument's life.

## Principal's approval form

I certify that this would be a good use of funds for our school and this grant supports the district goals and/or our campus improvement plans. **Do NOT include any identifiers, such as: campus name, your name, teachers name or mascot **
No actions possible.
Comments
This grant would improve the sound quality of some of our instruments and help prevent wear and tear as well.
