### Project Purpose

What is the problem, need or opportunity that this grant will address? Describe the impact of this project on your students. (500 words or less.)

This project will allow 6th grade math students to travel to the younger grade levels and work with students on different math concepts. Students will work with small groups providing fun, hands on activities. This is will be a great opportunity for the 6th grade students to explain math concepts in their own words, allowing them to deepen their understanding as well as the younger students.

### Project Description

How will the project or program be implemented? Describe activities and tasks. Who is the target population and in what ways will they benefit? (500 words or less.)

K-5 students will have an opportunity to work with one or more 6th grade students on a math concept. This provides leadership opportunities for the 6th graders as well as an opportunity for the younger students to experience concepts in a different way.

### Project Summary

Provide a brief summary for use on the Foundation's website and social media. (2-3 brief sentences)

Math on the Move will provide Bolin's sixth grade students a leadership opportunity to plan and implement fun, engaging math lessons to share with younger students.

### Allen ISD Goals/ TEKS

Which Allen ISD goals/TEKS does this project support? Provide only two or three examples.

Measurement and geometry standards from grades K-5.

### Measurement

What specific measurements will be used to evaluate the effectiveness of the project? (500 words or less)

Student Evaluations  
Teacher Evaluations  
Informal Assessments (watching kids as they prepare and problem solve, share experiences)

### Teaching Methods

What teaching methods will be used to implement this project? (500 words or less.)

Students will read over and prepare the lesson. They will follow the guides in the kits and deliver the lesson to groups of 4 to 5 students.

### Timeline

What is the project timeline and the date of implementation?

Students will teach the lesson during the spring semester and boxes will be available for check out after.

### Curriculum/System Support

Explain how this idea or project enhances/supports Allen ISD curriculum or existing systems.

Allen ISD encourages students to take initiative and become leaders. This project will allow for students to grow as leaders and become more confident in their learning.
