Are there any additional funds available for this grant?	No
What is the problem, need or opportunity that this grant will address? Describe the impact of this project on your students.	2nd graders spend several weeks reading books in a series and sharing with group members. The 2nd grade team struggles to find a range of current, engaging, and appropriate reading level book series books.
How will the project or program be implemented? Describe activities and tasks. Who is the target population and in what ways will they benefit?	The book series books will be in a specially designated area of the reading library. They will be accessible all year long for all Norton 2nd grade readers. During the book series club unit, readers will be placed in groups by reading level and reading interests. They will be taught reading club behaviors and be meeting daily to discuss what they are reading and learning in their books.
Provide a brief summary for use on the Foundation's website and social media.	Great expectations!! Second graders learn the characteristics of fiction by studying an author's series.
Which Allen ISD goals/TEKS does this project support? Please provide 2 or 3 examples.	2.6 Comprehension skills: listening, speaking, reading, writing, and thinking using multiple texts. The student uses metacognitive skills to both develop and deepen comprehension of increasingly complex texts. 2.7 Response skills: listening, speaking, reading, writing, and thinking using multiple texts. The student responds to an increasingly challenging variety of sources that are read, heard, or viewed. 2.8 Multiple genres: listening, speaking, reading, writing, and thinking using multiple texts--literary elements. The student recognizes and analyzes literary elements within and across increasingly complex traditional, contemporary, classical, and diverse literary texts. 2.10 Author's purpose and craft: listening, speaking, reading, writing, and thinking using multiple texts. The student

	uses critical inquiry to analyze the authors' choices and how they influence and communicate meaning within a variety of texts. The student analyzes and applies author's craft purposefully in order to develop his or her own products and performances.
What specific measurements will be used to evaluate the effectiveness of the project?	Student feedback as well as teacher observations.
What teaching methods will be used to implement this project?	Teachers will implement the series book club unit through differentiated instruction (small group/whole group) conferencing, and goal setting.
What is the project timeline and the date of implementation?	Readers will read book series books during the series book unit as well as all year long.
Explain how this idea or project enhances/supports Allen ISD curriculum or existing systems.	2nd grade has a series book club unit built into curriculum that is supported by TEKS.
