

Foundation For Allen Schools Grant Application

Scholarship Fund Amount: \$0

Application #: AP224519

Applicant First Name: Katie

Applicant Last Name: Rios

Applicant Email Address: katie.rios@allenisd.org

Gender:

Cell Phone #:

High School:

Post Secondary School:

Application Status: Submitted

Application Questions and Answer

Question	Answer
Preferred name/name that you go by:	Katieq
Best phone number to reach you at:	+19405979403
Campus	Rountree Elementary School
Grade(s)	Kindergarten;1;2;3;4;5;6
I have co-applicants:	No
Please provide your work-related Facebook contact information.	
Please provide your work-related Twitter contact information.	
Name of Grant	Engaged in SSI
Please select the MAIN curriculum area your grant addresses.	Math – Elementary

Does your grant have a technology component?	No
Will other campuses be involved/impacted?	No
Will other grades be involved/impacted?	No
How many students will be involved in this grant?	60
Are there any additional funds available for this grant?	No
What is the problem, need or opportunity that this grant will address? Describe the impact of this project on your students.	<p>Students come to SSI due to a struggle in a specific subject matter. Negative attitudes can inhibit the student's willingness to overcome their struggles, and doing worksheet based tasks only reinforces their negative feelings. With the help of interactive manipulatives, supplies, and games, we hope to foster a love of the subject while helping them learn the concept.</p>
How will the project or program be implemented? Describe activities and tasks. Who is the target population and in what ways will they benefit?	<p>Based on the Power Standards at Rountree, we have determined the K-6 grade areas of need for both math and reading. The math games offer a hands-on experience for the students who need specific help with those grade-level Power Standards, including counting, adding, and making fractions. The ELA activities are for our 2nd-5th graders who struggle with concepts such as making inferences, key details, and sequencing. We will be using them during the grade-level SSI time for direct instruction and independent activities.</p>
Provide a brief summary for use on the Foundation's website and social media.	<p>We want students to be EXCITED to come to SSI! With these hands-on and engaging activities, students will be excited to join us for small group learning!</p>
Which Allen ISD goals/TEKS does this project support? Please provide 2 or 3 examples.	<p>K.3A model the action of joining to represent addition and the action of separating to represent subtraction; (B) solve word problems using objects and drawings to find sums up to 10 and differences within 10 5.6G evaluate details read to determine key ideas 4.3D Compare two fractions with different</p>

	numerators and different denominators and represent the comparison using the symbols $>$, $=$, or $<$.
What specific measurements will be used to evaluate the effectiveness of the project?	We will be using Power Standard data from the Power Standard “check-ins” given after the Post Assessment.
What teaching methods will be used to implement this project?	These activities and games will be used in small group intervention. They will be used during direct instruction to help the students understand the concept clearly. They will then be used independently as resources for our students who need reinforcement of a concept.
What is the project timeline and the date of implementation?	We would begin using the items immediately when the grade-level gives me the appropriate Power Standard. The supplies would last for several years in SSI.
Explain how this idea or project enhances/supports Allen ISD curriculum or existing systems.	The grant would give SSI the ability to support the classroom teachers with the Power Standards they have created by using engaging and hands-on activities.
Total Grant Budget Requested:	328.97
	<i>Kel. P</i>

Project Budget Set Number 1

Question	Answer
Item Type	Instructional Supplies or Resources
List item to be purchased under item category:	High-Interest Intervention Reading Folders
Unit Cost	139.00
Quantity	1
Total cost of items in this category:	139.00

Project Budget Set Number 2

Question	Answer
Item Type	Instructional Supplies or Resources

List item to be purchased under item category:	It's a Snap! Math Centers-Complete Set
Unit Cost	85
Quantity	1
Total cost of items in this category:	85

Project Budget Set Number 3

Question	Answer
Item Type	Instructional Supplies or Resources
List item to be purchased under item category:	Building Math Skills Write&Wipe Boards
Unit Cost	29.99
Quantity	1
Total cost of items in this category:	29.99

Project Budget Set Number 4

Question	Answer
Item Type	Instructional Supplies or Resources
List item to be purchased under item category:	Building Fractions Activity
Unit Cost	39.99
Quantity	1
Total cost of items in this category:	39.99

Project Budget Set Number 5

Question	Answer
Item Type	Instructional Supplies or Resources
List item to be purchased under item category:	Key Details Finding Evidence Kit
Unit Cost	34.99
Quantity	1
Total cost of items in this category:	34.99
